ORDER

THIS MATTER is before the Court on Defendant's *pro se* Motion for BOP Recommendation. (Doc. No. 318). As an initial matter, the Court notes that it does not have jurisdiction to order the BOP to transfer Defendant to a new facility. However, the Court has recommended that Parks be placed in a facility that has an RDAP program and is close to his home and family in the Pacific Northwest. The Court re-iterates that recommendation.

ORDER

IT IS, THEREFORE, RECOMENDED that Defendant should be placed in a BOP facility offering RDAP programs and one that is close to his home and family.
